## SMK-13/16/18

SMK drawers combine solid workmanship, aesthetic design, and attractive pricing. With a choice of black, white, or stainless steel front panels and a durable ABS plastic cassette, the SMK series is ideal for both retail and catering applications. An adjustable cash box, 5 or 9 coin compartments, and durable clips guarantee convenience and organization.

The whole unit is enclosed in a durable cold-rolled steel housing, ensuring reliability and security. The drawer is covered by a 12-month manufacturer's warranty and is compatible with many models of receipt and fiscal printers. SMK is a reliable choice for modern companies looking for practical and aesthetic solutions.

## SMK-460 FLIP TOP

The SMK-460 cash drawer is the ideal solution for places where space is limited. Thanks to its small size and solid steel housing, it ensures security and functionality, proving itself perfect for applications such as self-checkout and ticketing systems. The SMK-460 model has been designed with ease of use in mind – it is equipped with a removable cash box with 5–6 compartments for banknotes and 8 compartments for coins, allowing for effective cash organization.

For maximum security, the drawer offers a three-level lock, ensuring effective protection in everyday use. In addition, the device has a micro-switch that allows integration with sales systems, making it a universal solution for modern business. The SMK-460 is the perfect combination of practicality, reliability, and attractive price.
